

COMPANY PROFILE

Lehumolago

One Platform. One Search.
One Legacy Reclaimed.

ABOUT US :

OUR STORY

Lehumolago is a South African mobile platform that enables citizens to search, verify, and reclaim unclaimed financial assets using a simple ID-number-based search. By consolidating public records into an accessible app, it streamlines the claim process digitally, replacing outdated paper methods and helping millions access previously hidden wealth.

THE PROBLEM WE SOLVE

South Africans are owed billions in unclaimed pensions, benefits, dividends, & insurance payouts due to several issues:

- Scattered data across institutions
- Slow & confusing processes
- Families unaware of existing benefits
- Lack of a centralized, mobile-friendly solution

These factors lead to intergenerational loss, financial exclusion, and delayed estate settlements.

OUR SOLUTION

A secure, affordable platform that allows users to:

- Search for unclaimed benefits using ID & surname
- View potential matches quickly
- Access Claim Kits with step-by-step guidance
- Utilize AI support for documents & claims
- Conduct family & estate searches
- Make secure payments via Ozow, EFT, or WhatsApp

It emphasizes speed & national accessibility.

Values

- Simplicity – Easy for everyone to use
- Dignity – Respect for every user
- Empowerment – Clear steps to claim
- Social Impact – Helping families reconnect with what's theirs
- Accountability – We deliver what we promise

Social & Economic Impact

- Empowers low-income families
- Aids widows, guardians, and single mothers
- Speeds up estate finalization
- Lessens reliance on costly tracers
- Encourages digital and financial inclusion
- Aids in poverty reduction and household stability
